*The actual specification will vary by model.

MSI AI Engine

MSI AI Engine automatically detects user scenarios and adjusts performance, sound effects, and display mode accordingly, eliminating the need for manual adjustments.

*Please install the MSI AI Engine from the MSI Center.

*The interface and functionality may differ due to version change.

MSI Cloud Center

Fast, Secure & Wireless Backup

Fast, secure, and wireless backup & download between your PC and mobile devices. Transfer files, photos, videos, and more between your PC, Android, and iOS device faster and easier than a cabled connection.

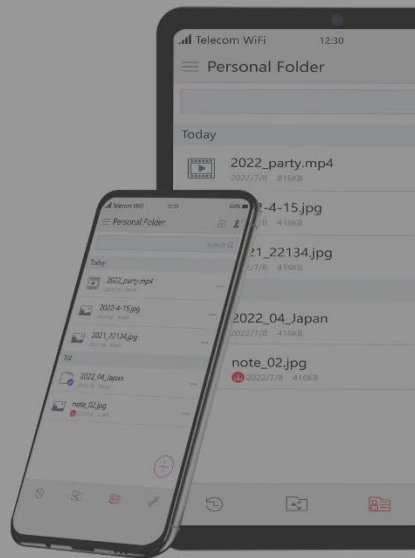

You can make these files accessible to your family or team members, or you can also make files as private as you want. The decision is in your hands.

MSI Cloud Center – Key Features

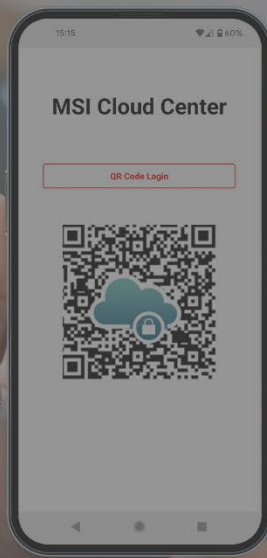

Cross Platform

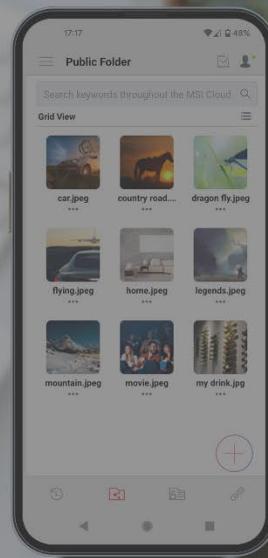

Backup, download, share files between your PC, Android, and iOS devices.

QR Code Login

Easily & instantly log in with a QR code in seconds generated by the MSI Cloud Center.

Fast & Secure

Wirelessly and promptly upload photos, video, and any files within a private intranet environment.

Private Cloud

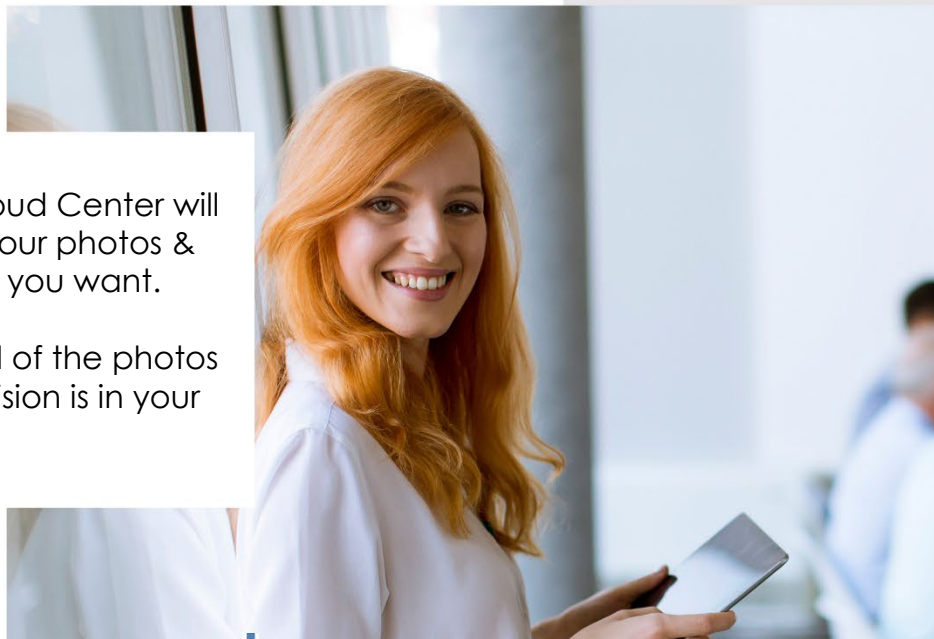

Designed a convenient public folder and a private personal folder for you to ensure more privacy.

Share data with team members or make files as private as you want, the decision is in your hands.

Convenient Auto-Backup

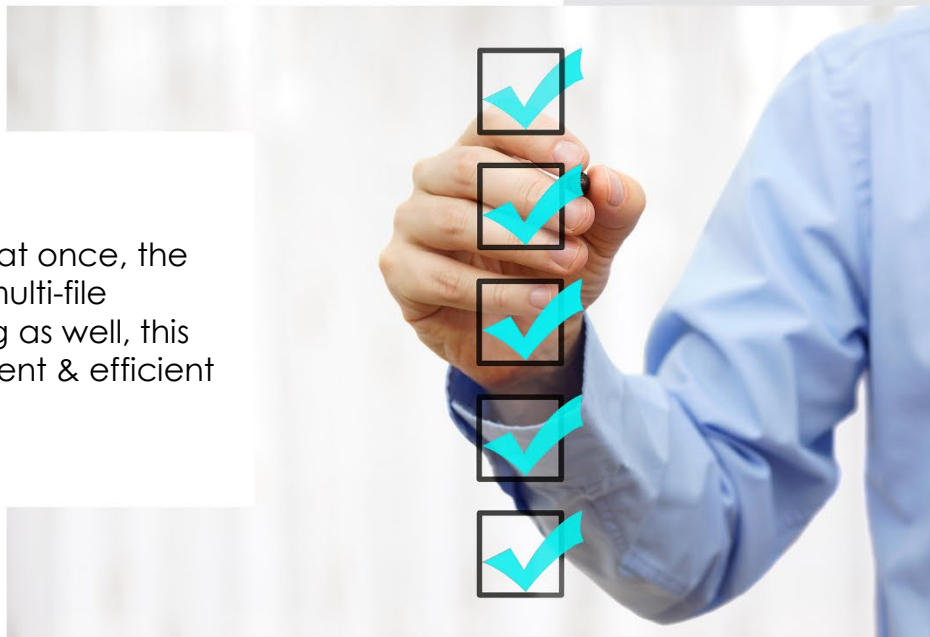

Just one click and the MSI Cloud Center will automatically backup all of your photos & videos to the specific storage you want.

You can choose to upload all of the photos or videos separately, the decision is in your hand.

Multiple Files Selecting

You can select multiple files at once, the MSI Cloud Center supports multi-file uploading and downloading as well, this brings you the most convenient & efficient way to backup files.

Multiple Devices/ Storages Support

The MSI Cloud Center can fast pair with multiple devices, and switch between them easily.

You can switch from your PC to other MSI PCs which you have logged in with its unique QR code.

You can upload, download, delete or even share the files with your family or team members who have been authorized & logged in with a QR code generated by the MSI Cloud Center, and they will also enjoy all of the benefit of Your Private Cloud or Home Cloud.

MSI Center – Sound Tune

SOUND CLEARLY.
TUNE SMARTLY.

When a sound is heard, it automatically recognizes and separate vocal sound from background noises; hence, filtering out all the unwanted Noise.

*Please download the latest MSI Center APP through download page.

Full HD Webcam

With MSI Full HD webcam, you can also join a clearer online conference call or online course while working from home or learning at home.

Windows Hello

Windows Hello biometric authentication system provides you a faster and safer way that always make sure it's you to log in your PC.

Webcam Cover

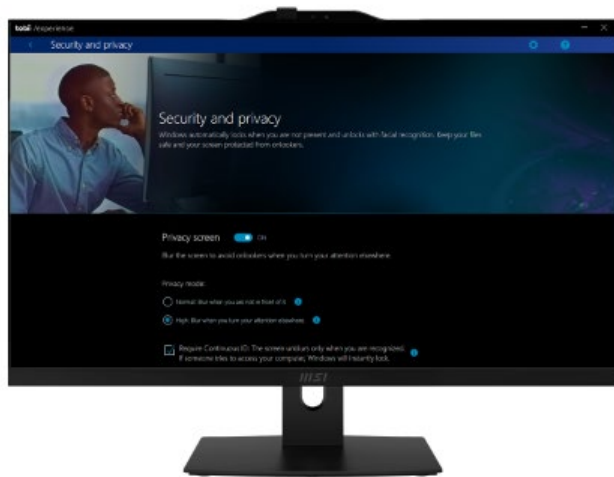

You can cover the webcam anytime to prevent any concern you have and connect to the world safely.

Tobii Aware: Secure Your Privacy

msi

tobii AWARE

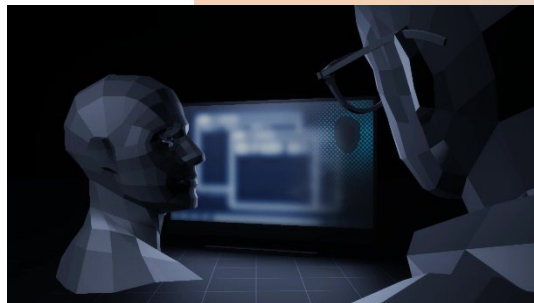

Privacy Screen

The contents of the screen are blurred when the user looks or steps away, and un-blurred only for the correct user.

Dim Screen

Your screen brightness will dim and undim when you step away and come back to save energy.

Peeker Detection

Allow you to know when someone behind you is looking at your screen.

Auto-Lock

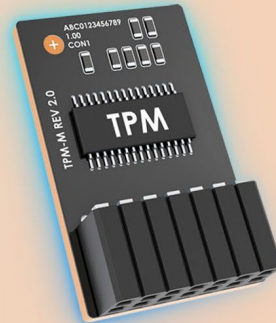

Enhance privacy and security by automatically locking the screen shortly after the user leaves.

dTPM 2.0 Support

msi

dTPM 2.0 technology provides hardware-based security functions. Sensitive data and passwords can be stored with encryption for advanced protection.

Kensington Lock Slot

The Kensington lock design is a reliable and efficient method of deterring theft.

By physically tethering the Modern AM272 Series to a secure object, Kensington lock is particularly useful in safeguarding the device and the valuable data in it.

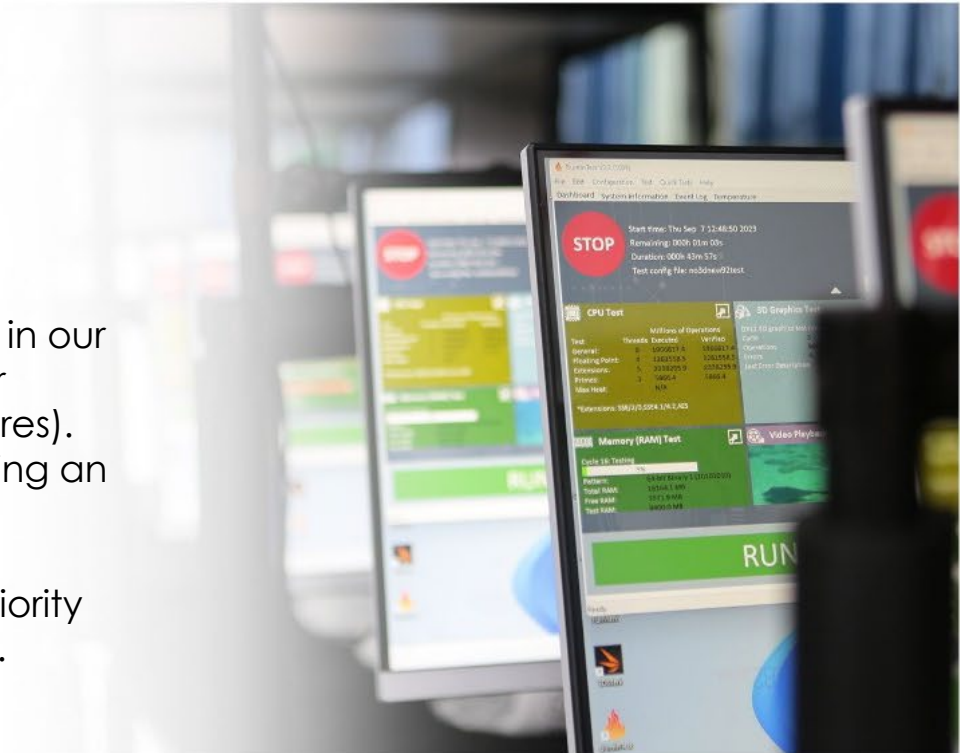

24 / 7 Qualified Reliability Test

Our relentless commitment to quality is reflected in our extensive reliability testing, which generates over 246,000 hours of MTBF (Mean Time Between Failures). We assure 24/7 reliability and availability, delivering an effortless user experience.

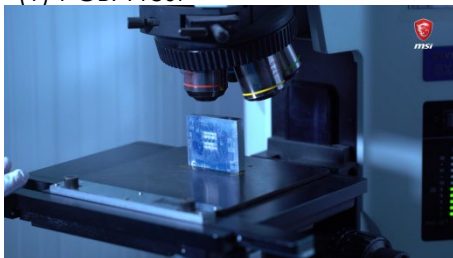

Quality is not just a buzzword for us, it's our top priority to deliver a hassle-free and high-quality product.

Performance Assurance

MIL-STD-1916 testing guarantees MSI products meet high-performance standards, providing reliable and professional experiences with desktop PCs at their best.

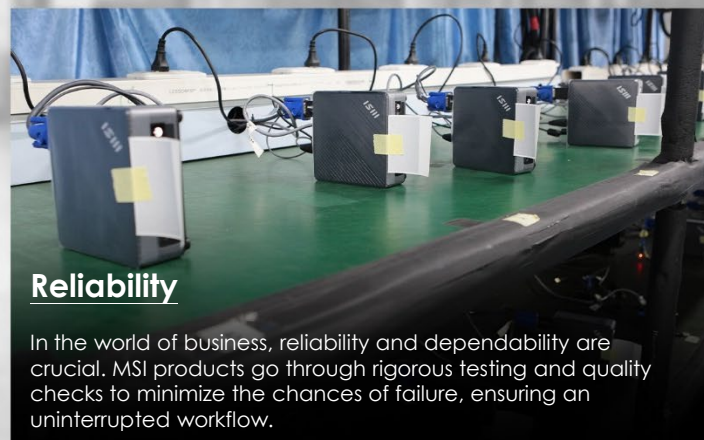

Precision

We employ automation and advanced technology to achieve the highest level of precision. This technology-driven approach allows us to create and test products with unparalleled accuracy.

Durability

MIL-STD-1916 testing ensures every component meets strict durability standards, making MSI products capable of lasting through extended gaming and work sessions while delivering reliable performance.

Reliability

In the world of business, reliability and dependability are crucial. MSI products go through rigorous testing and quality checks to minimize the chances of failure, ensuring an uninterrupted workflow.

Stylishly Connect To The World with MSI Anti-Flicker Eye-Care Technology

W/O Anti-Flicker

MSI Anti-Flicker

Thanks to the MSI Anti-Flicker technology, it eliminates flickering and effectively reduces eye fatigue during prolonged screen time while enhancing productivity at home or in the office.

Enjoy The Most Comfortable Viewing Experience With Less Blue Light Technology

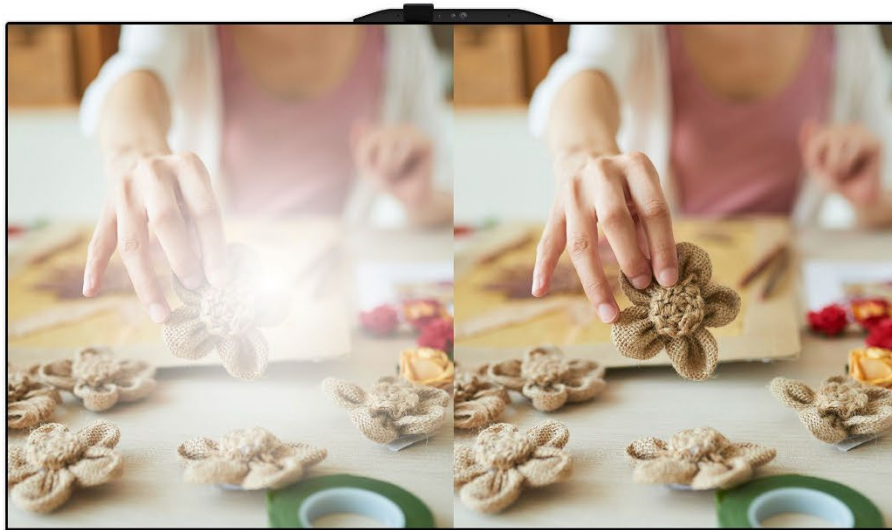

W/O Less Blue Light

Less Blue Light

The Less Blue Light Mode filters visual exposure to the blue spectrum light during daily use scenarios and bring the most comfortable viewing experience for users.

Anti-Glare Panel Reduces Eyestrain

Glare

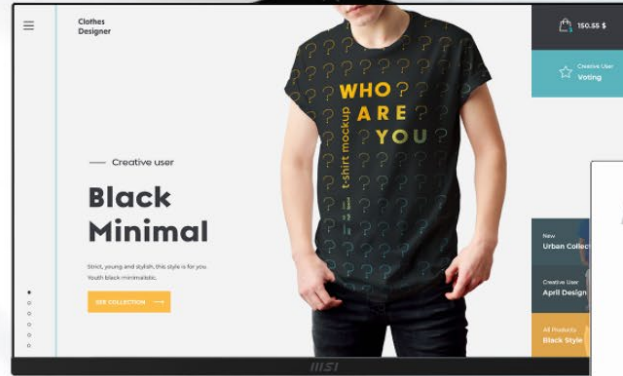

Anti-Glare

Reflected light or glare can be very fatiguing to the eyes and reduces the contrast, colors and sharpness of the display. An anti-glare display makes viewing the display more pleasant and reduces eyestrain for users.

Hook Your Style At Home

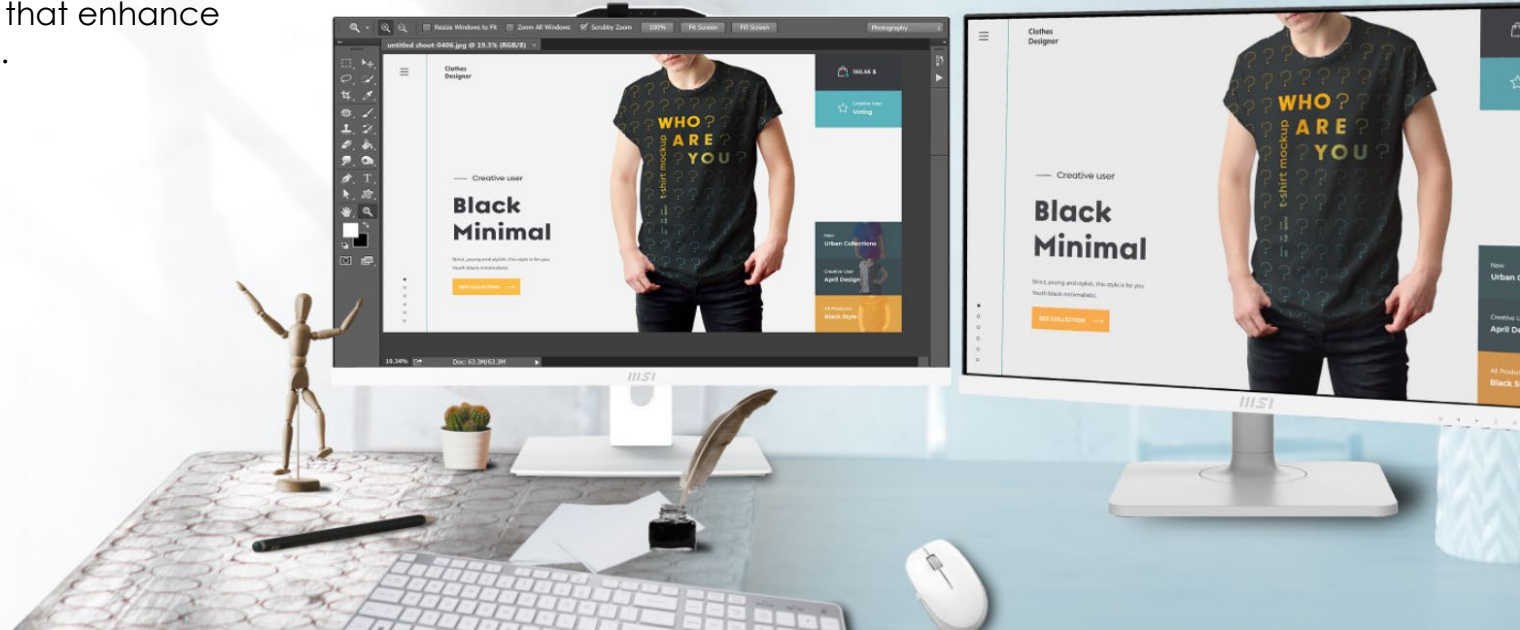

Modern AM272 series can be mounted to the wall in your office or home, thanks to its VESA interface standard which makes the PC completely invisible on your desk and bring more space & stylish environment for you.

Learn & Preview With A Second Monitor At Home

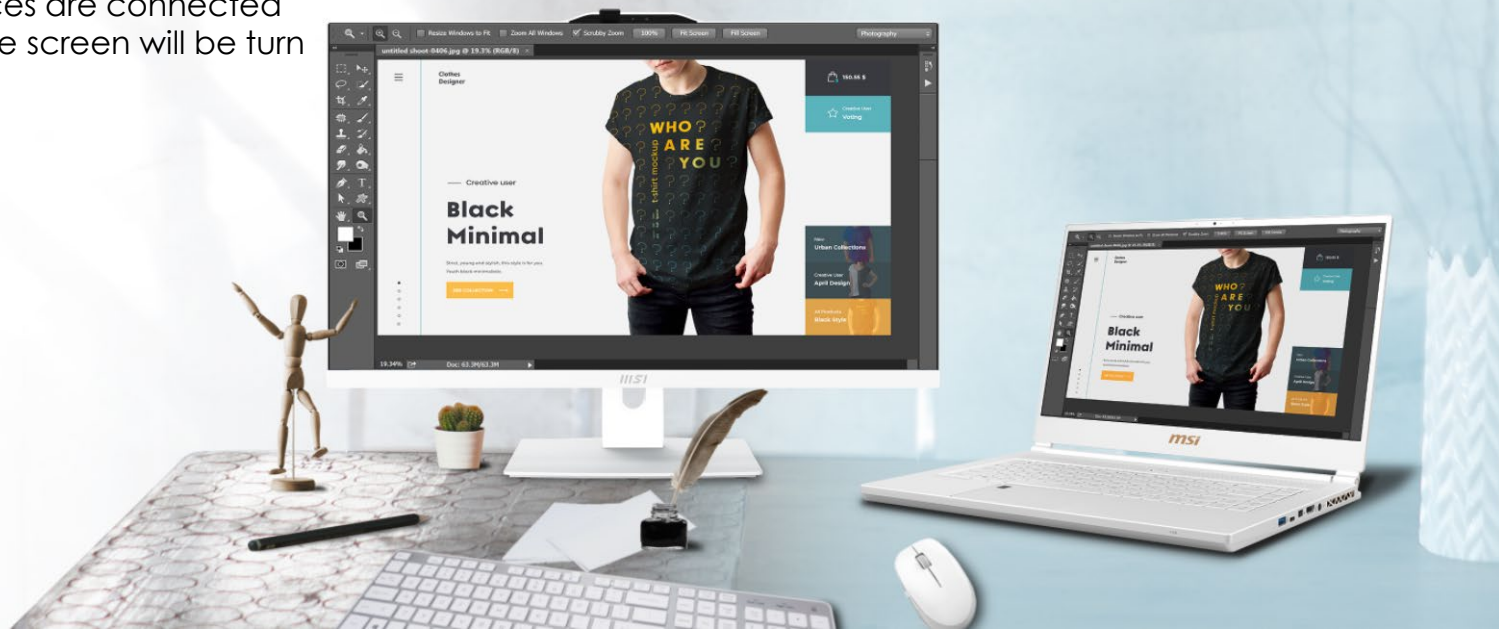

Modern AM272 series allows you to extend a second monitor to pre-view your E-commerce content & data at home or in the office that enhance the efficiency for you.

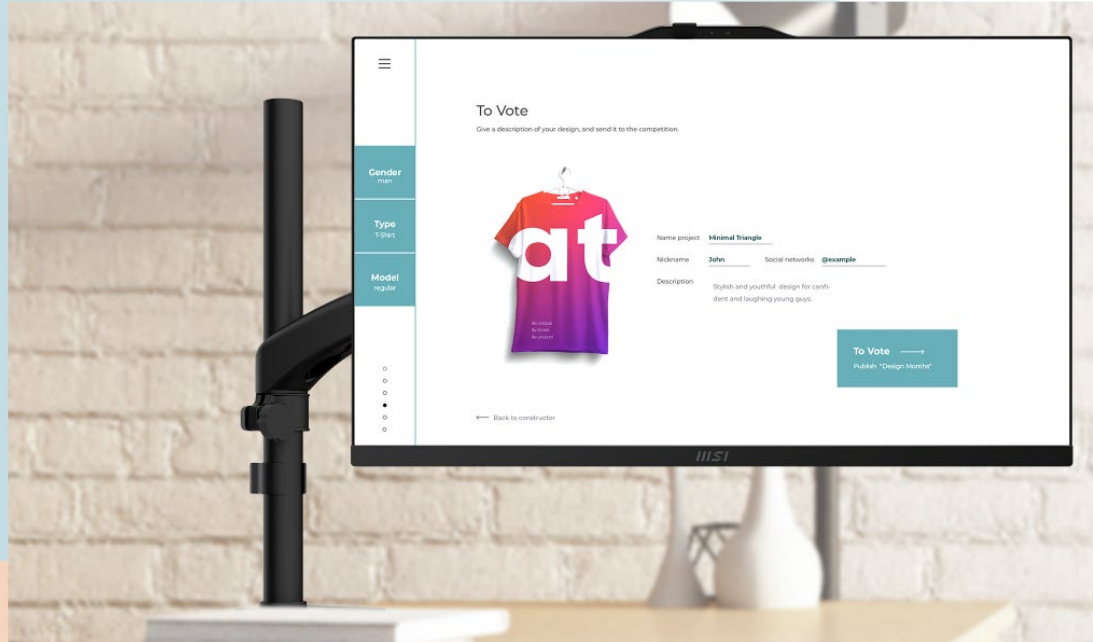

See More, Do More At Home

Thanks to the MSI Instant Display Technology, Modern AM272 series will become to a monitor without booting up its system. When devices are connected to the HDMI-in port, the screen will be turn on immediately.

Mount With MSI VESA Arm

Enjoy a clean cable management with the MSI MT81 which support the VESA standards, you can share any information or e-learning material with family at home or in the office.

The Best Position While Working & Learning At Home **IIISI™**

Height: 0~130mm

Immerse in Sound

MSI™

Immerse yourself in lossless music and premium sound quality with DTS Audio Processing. Experience and listen to natural sounding audio, music, videos, and more - the way it was intended.

Work From Home with IPS Grade Panel

IIISI™

178° Wide Viewing Angle

FHD

1920 X 1080

Make Every Detail Clear

Modern AM272 Series is equipped with IPS Grade Panel which not only instantly optimizes the screen colors and brightness , but also ensure that you have the best E-commerce management experience while working from home or learning its professional tasks at home.

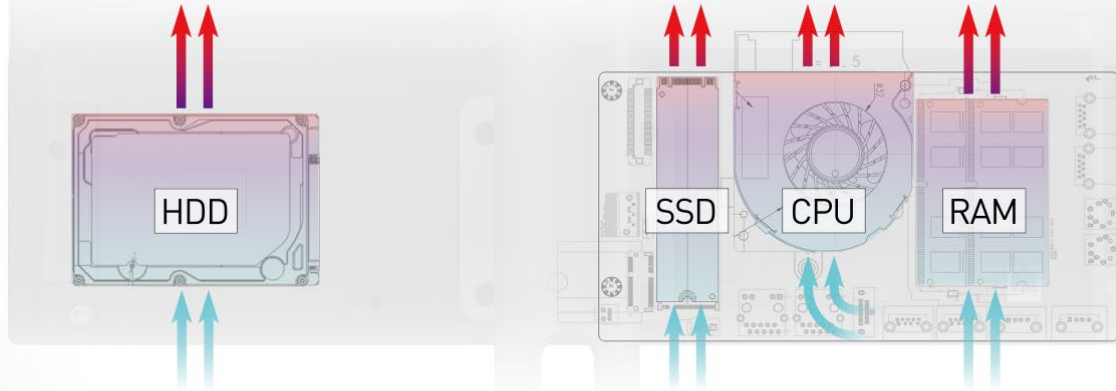

Cool & Silence Your World Even You Didn't Notice It

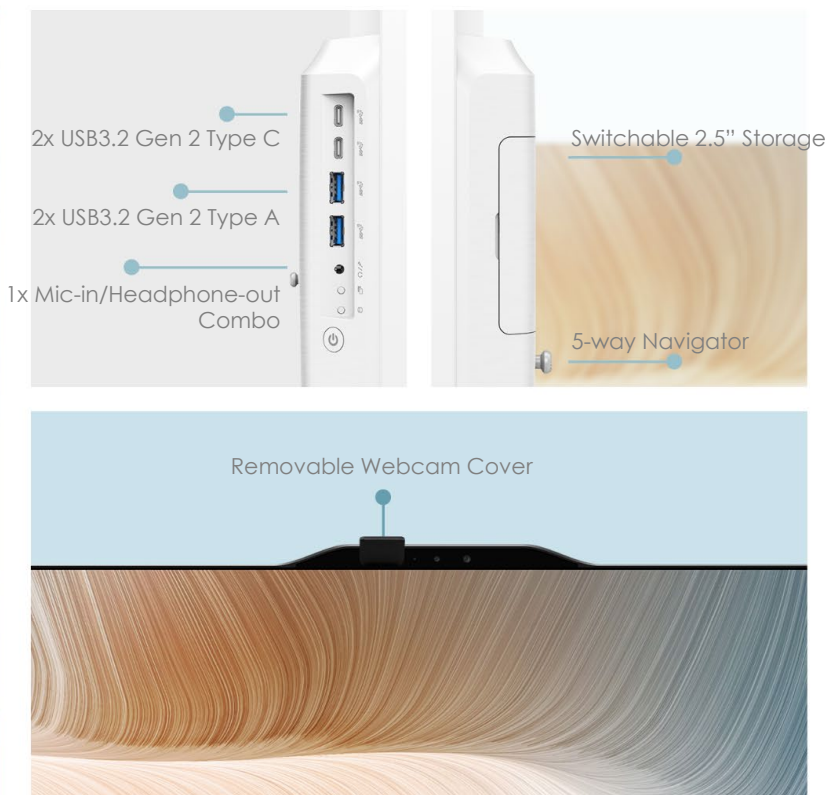

Modern AM272 Series is equipped with Silent Pro Cooling System.

Part of this system is a Server Grade Thermal Module that handles the cooling of different components within the system. Besides that we put the most important key components on the top side so warm air can easily move out and we separate the air flow to make sure the system's temperature stays perfectly under control for a cool and silent operation.

Just enjoy the Silent, Stable & Professional Experience.
